MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : DCI Garage

Sir:

1. We are proceeding with the plan to convert 1,600 square feet of the garage to storage space.

2. Not knowing what the ultimate future utilization of the garage would be, Harold Brownman quite wisely did not reassign parking spaces to those who have eligibility when their predecessors left. We have reviewed the parking capacity that will remain when the new storage area is created, and we can still comfortably house the vehicles of all EP personnel on duty. Accordingly, if you have no objections, I would propose to allow all EP's to continue to park their vehicles in the garage on what I consider to be the valid assumption that this relatively minor prerequisite is a little balancing emolument to a long standing salary freeze.
